

Dear Kate,

Firstly, my sincere apologies for this late reply. Apart from being busy with constituency work representing my community, I have also been engaged in campaigning for the forthcoming local elections and on top of that my wife has been ill.

I am in receipt of your letter dated 18th April 2012 and have noted its contents.

I am happy to respond as follows:

The SNP Council Group Manifesto really addresses all of the question which you ask and I refer you and your members to that document. (Link Below)

You and your members may be assured that I will always endeavour to be honest, open and transparent and do the right thing for working people.

I do hope you find this helpful.
