

Dear Mrs Ramsden

I am in receipt of your letter dated 18th April.

A number of your questions have been covered in the SNP council manifesto.

In order to give you a full response I will discuss some of your points with colleagues as your questions are related to a council administration. On a personal point of view I am aware that we have to provide services that are in line with budgets, service requirements and we have the staff to deliver.

I am not sure how much dialogue there has been with UNISON and the administration of the council but I would hope that if the SNP are the new administration, appropriate communication is put in place for the well being of residents and council staff.

Regards

John
